

# ASCA Bronze Level Partner

BRONZE

## Advancing Corrections, Together!

Your \$5,000 Bronze Partnership opens doors for you to connect and interact with key correctional decision makers from throughout the country. Your partnership includes the following ways to brand, market and advance your organization's interests:

### Sponsorship Credit

Valued at \$1,500, this sponsorship credit can be applied towards available sponsorship opportunities of your choosing at the Winter and Summer Conferences, All Directors Symposium, and Annual Regional Meetings. Bronze Level Partners are not limited by the credit amount and may opt to take advantage of additional sponsorship opportunities for additional cost.

### Sponsorship Opportunities:

#### *Winter and Summer Conferences*

Your Bronze Level Partnership allows you to apply a portion of your sponsorship credit towards one (1) available sponsorship per event. Additionally, your partnership level includes one (1) complimentary registrations for each event, an estimated total value of approximately \$800.

#### *All Directors Symposium*

Traditionally a less formal setting, this venue provides a great opportunity to interact with ASCA members. Your Bronze Level Partnership includes complimentary registration for one (1) company representative (approximately \$350 value) and allows you to apply all or a portion of your sponsorship credit towards one (1) available sponsorship.

#### *Annual Regional Meetings (Northeast, Southern, Midwest, and Western)*

Sponsorship of Annual Regional Meetings is exclusive to Gold, Silver and Bronze Partners. Your Bronze Level Partnership includes an invitation to sponsor any or all the Annual Regional Meetings. General Sponsorships include complimentary registration for one (1) company representative.

### Other Key Benefits

#### *Web Page Placement*

ASCA has substantially increased its reach via web and social media platforms. Your Bronze Level Partnership includes the placement of your company logo on the Partners Webpage.
